Tainan City Transportation

Airplanes are the major tools of transportation to Taiwan. There are two international airports in Taiwan. One is Taiwan Taoyuan International Airport (臺灣桃園國際機場, Airport Code: TPE), located in Taoyuan County, approximately 300 kilometers from Tainan city (台南市), and takes about 90 minutes by Taiwan High Speed Rail (THSR) or 3.5 hours by

car/bus to Tainan. About thirty-five airlines provide the service from different countries. Another international airport is Kaohsiung international airport (高雄國際機場, Airport Code: KHH), which is located in Kaohsiung city (高雄市), approximately 50 kilometers to Tainan. About thirteen airlines provide the service.
